ARCHITECTURAL STANDARDS

EXHIBIT J – Architectural Review Fee and Damage Deposit Policy

Architectural Review Fees are collected to offset various costs to the HOA that are related to projects submitted to the Architectural Review Committee.

These fees are also intended to encourage submission of complete plans and a reduction in the number of plan revisions and updates, which further tax staff time and resources. Fees are to be paid when the application is submitted, payable by check made out to Blackhawk Homeowners Association.

These fees are non-refundable and are separate from the Damage Deposits. Damage Deposits are reimbursed in full if there is no damage to the common area elements when construction is done.

FEES INCLUDE ORIGINAL AND 1 SUBSEQUENT SUBMISSION FOR A SINGLE PROJECT.
